krushayu.in · linkedin.com/in/krushayu · github.com/krushayu

SUMMARY

Full Stack Developer skilled in React.js, Angular, Node.js, and MongoDB. Experienced in building scalable web applications with strong UI/UX design, REST API integrations, and AI/ML capabilities. Focused on optimizing performance, system architecture, and delivering high-impact web solutions.

EDUCATION

Centurion University of Technology and Management	2023 – 2027
<i>Bachelor of Technology – Computer Science</i>	<i>Odisha, India</i>
Ram Dayalu Singh College – Intermediate in Science	2023
G.N. High School – Matriculation	2021

TECHNICAL SKILLS

Frontend: React.js, Angular, HTML5, CSS3, JavaScript (ES6+)	Full-Stack: MERN Stack, MEAN Stack
Backend: Node.js, Express.js, REST APIs, Socket.io	Tools & Deployment: Git, GitHub, Vercel, Render, Cloudinary, VS Code
Databases: MongoDB, MySQL, SQL	

EXPERIENCE

Intern – Software Engineering	May 2026 – June 2026
<i>Diagonal Consulting LLP</i>	<i>Remote, India</i>
Selected as a Software Engineering Intern at Diagonal Consulting LLP.	
- Participating in a structured training program focused on real-world software development practices. - Gaining hands-on experience with industry tools, workflows, and project-based learning. - Collaborating in a remote work environment with a focus on problem-solving and technical growth. - Learning best practices in coding, debugging, and system design.	
<i>This internship is performance-based, with potential consideration for a full-time role upon completion.</i>	
Web Developer	June 2025 – Sept 2025
<i>DIGISAMAKSH</i>	<i>India</i>
- Developed and deployed a full-stack web application using Angular and Node.js. - Increased user engagement by 30% through improved UI workflows and responsive design. - Reduced application load time by 40% by optimizing REST API calls and backend response handling.	

PROJECTS

CUTM HelpLine – AI Complaint Management Portal	June 2026
- Developed a multi-role university platform with automated category routing and hourly escalation cron jobs. - Integrated an AI assistant with voice input (Groq Whisper STT), text-to-speech (Sarvam TTS), and in-chat filing.	
YamGram – Real-Time Social Chat & Media Web App	April 2026
Built a real-time web application supporting instant messaging, user auth, and live camera access via Socket.io.	
Wild Animal Detection & Alert System	Feb 2026
Engineered an AI computer vision workflow to detect wild animals and send real-time email alerts with image evidence.	
Health Hub – Healthcare Management Platform	Sept 2025
Built a portal enabling online doctor consultations, appointment management, and automated medicine suggestions.	

ACHIEVEMENTS

- Eco Smart Hackathon 2025 Winner:** Built a health data management app for online consultations.
- IEEE SCOPES Conference Website:** Successfully delivered the official conference web portal to CUTM.
